NATO: jēga un paplašināšanās

Irāka 2003

Now, you're thinking of Europe as Germany and France. I don't. I think that's old Europe. If you look at the entire NATO Europe today, the center of gravity is shifting to the east. And there are a lot of new members. And if you just take the list of all the members of NATO and all of those who have been invited in recently -- what is it? Twenty-six, something like that? -- you're right. Germany has been a problem, and France has been a problem.
